

BACK TO WORK

Expert Advice + Falkbuilt Solutions

“ ONLY 12% OF U.S. WORKERS WANT TO WORK FROM HOME FULL-TIME. MOST WANT TO RETURN TO THE WORKPLACE, BUT WITH CRITICAL CHANGES.

Gensler

SOLUTION: FALKICLE

Feel safe without feeling secluded. Our Falkicles stop the spread of germs while maintaining an open and bright space.

“

*While using every other desk may cut your capacity in half or more, activating conference rooms, focus rooms, learning labs, and break out spaces as dedicated seating areas can increase the headcount of staff in the office while maintaining physical distancing. As workers return to the office, these spaces will again be used to **ENHANCE COLLABORATION** in a safe way.*

SOLUTION: FALKPODS

Falkpods create the perfect space for collaborative work with integrated screens for video calls and great acoustics.

“

PROMPT IDENTIFICATION and isolation of potentially infectious individuals is a critical step in protecting workers, customers, visitors, and others at a worksite.

OSHA

<https://www.osha.gov/Publications/OSHA3990.pdf>

SOLUTION: THERMAL STATIONS

Thermal stations will ensure your space remains free of infection.

“

Many of the **HIGH-TOUCH** areas in your office could be vectors for the spread of virus. And the more colleagues that touch them, the higher the risk of contamination.

BBC

<https://www.bbc.com/worklife/article/20200324-covid-19-the-ways-viruses-can-spread-in-offices>

SOLUTION: TOUCHLESS ENTRY

Our automatic sliding doors are opened with just a wave.

SOLUTION: ANTIBACTERIAL POWDER COATING

Protect the spread of viruses with antibacterial door pulls that prevent germs from sticking around.

“

Employers are going to reassess the need for travel — does it really make sense to spend a day on an airplane to meet with someone for an hour, when that meeting could be done with a
VIDEO CONFERENCE?

CTV News

SOLUTION: TECHNOLOGY INTEGRATION

//
We are moving into a digital by default environment, and with the boom of remote meetings, technology integration is more important now than ever. Falkbuilt's system is easily adaptable to ever changing technological needs.

“

*Maintain regular housekeeping practices, including routine **CLEANING AND DISINFECTING OF SURFACES**, equipment, and other elements of the work environment. When choosing cleaning chemicals, employers should consult information on Environmental Protection Agency (EPA)-approved disinfectant labels with claims against emerging viral pathogens. Products with EPA-approved emerging viral pathogens claims are expected to be effective against SARS-CoV-2 based on data for harder to kill viruses.*

OSHA

<https://www.osha.gov/Publications/OSHA3990.pdf>

SOLUTION: FALKSKIN

Keep it clean. Falkskin is easily cleanable and durable to industrial grade disinfectants.

“

*Human coronaviruses
can remain infectious on
inanimate surfaces at
room temperature for
up to **9 DAYS**.*

“

Ensure appropriate physical distancing, like eliminating pay-at-the-door options, holding team meetings outdoors, staggering shift times and using ground markings and barriers to **MANAGE TRAFFIC FLOW.**

SOLUTION: WAY-FINDING

Keep your space beautiful while adding directional wayfinding into your environment with custom wall graphics.

“

*Where appropriate, employers should develop policies and procedures for **IMMEDIATELY ISOLATING** people who have signs and/or symptoms of COVID-19, and train workers to implement them. Move potentially infectious people to a location away from workers, customers, and other visitors. Although most worksites do not have specific isolation rooms, designated areas with closable doors may serve as isolation rooms until potentially sick people can be removed from the worksite.*

OSHA

<https://www.osha.gov/Publications/OSHA3990.pdf>

SOLUTION: ISOLATION ROOM

It is important to have a dedicated space if a potentially infected individual is identified.

“

*“To reduce the impact of
COVID-19 outbreak conditions
on businesses, workers,
customers, and the public, it is
important for all employers to
PLAN NOW for COVID-19.*
